📜 Holmes Enforcement Model – License Snapshot (June 2025)

This document captures a full snapshot of the declaratory sovereign license and enforcement logic governing:

- Clause-based royalty systems
- Procedural triggers
- Public derivative violations

Clauses Active

- CU-1.4, CU-2.1, CU-2.3
- G-6, G-8, XXII
- MP-1.2, MP-2.0
- BR-1.1, IRPB-1.2, GRN-1.1, IPC-1.0

Declaratory Rights Statement

Use of this system in whole or part — including reproduction, citation, simulation, reference, or derivative modeling — constitutes acceptance of licensing terms under CU-1.4.

Silence constitutes procedural default and automatic debt accrual.

Author: Mr. Holmes
License Type: Declaratory Sovereign IP
Jurisdiction: New Mexico, USA (28 U.S.C. § 2201)

This snapshot is permanently timestamped and archived for future reference.
